

Alpine Attitude – a new venue to 'inspire ideas'

ALPINE Attitude, a new venue in Pretoria, plans to impress conference delegates with its contemporary decor and modern facilities.

Seating up to 60 people in the conference hall, where chairs and training tables have been designed and made exclusively for Alpine Attitude, this venue can inspire great ideas. There is also an executive boardroom seating 10 people, with butler service.

The large patio, dining area, swimming pool entertaining area, lounge and bar provide an ideal venue for functions or cocktail parties.

Offering modern technology in communication and presentation services, one can impress colleagues by making Alpine Attitude the superior choice for any business meeting or seminar in Gauteng.

Rustic earthy elements, combined with intensely modern lines and contemporary

décor, tied together with an African undertone, creates a space welcoming guests in style and conferencing in a fresh space.

Privately-owned and managed by **Charmaine Freyer**, one is guaranteed the highest expectations for the most discerning travellers; both business executives and holidaymakers alike.

A collection of local and international art complement the seven stylishly appointed boutique hotel rooms and five luxury self-catering units.

Alpine stands proud on the ridge, conveniently situated on Atterbury Road, one kilometre off the N1 Highway. With high security measures, guests can sleep in peace and brainstorm with attitude. ■
